Multi Clean i it replaces a multiple of products needed to do what this one product can do.

- EPA approved for the Design for the Environment
- No petroleum solvents,
- No listed hazardous materials
- No Acids or phosphates
- Removes stains from carpet and fabrics.
- Removes brake dust, tar, bugs, grease, bird dropping and even burnt rubber from surfaces
- Helps bring back old white/light paint
- A readily biodegradable product

Recommendations for Use

Needed: 2 clean/dry twice folded microfiber towels.

Cleaning Fabrics: depending on severity of stain or grime,

- 1.) Spray the affected area a few times,
- 2.) Use micro-fiber towel to wipe affected area clean, spray more if necessary.
- 3.) Using a clean/dry microfiber towel to wipe area dry
- 4.) Repeat steps 1-3 until all areas are done

** Carpet & Fabrics: For your comfort, we recommend you treat a small area first to ensure you are satisfied.*

Cleaning Exterior of vehicle (paint, wheels, windows, plastic, vinyl, chrome & more)

- 1.) Spray the affected area a few times.
- 2.) Take a clean microfiber towel and pre-wet it with a few sprays of Multi-Clean
- 3.) Using the pre-wet towel, wipe area until clean, spraying more if necessary.
- 4.) Using a clean/dry microfiber towel, wipe affected area until dry
- 5.) Repeat steps 1-4 until all areas are done

No Petroleum Solvents - No Listed Hazardous Materials – No VOCs'
